Testimonials

We just got to our honeymoon destination (yay!) and I wanted to thank you again for making each and every part of our wedding so amazing. From our initial meeting, to the tasting, the rehearsal and the day of, every detail was beautiful and your patience and professionalism made the whole process a breeze. Everyone we talked to raved about the food and the service, and commented specifically on how professional and wonderful the wait staff was. Thanks to you our wedding day was everything we had hoped for and more, and it meant so much to us. We can't thank you enough for everything, and I'm already trying to figure out an excuse to throw another party at the Colonial Hall.

~ Elyse & Steve

Everything was perfect!! The room looked beautiful; the food was delicious; and the staff was super nice and accommodating! All night long I heard from all my guests that the room is beautiful and they loved the food (especially the chicken and waffles and the salmon and pasta bar!) and that they had the best time at any party they've ever been to!! So, thank you all for that!! I can't say enough positive things about you guys...you literally jumped through hoops to pull this off - and believe me I know that being in the hospitality industry myself!!
